

Saint Mark's

Thomas Daniel Valls

They'll have robotic bees soon,
Halal quarrels over Venmo,
Muji dystopia
Fanny-pack dysphoria
That's the lack of, not the opposite,
White men run the counter of Mamoun's,
Rest in Peace St. Marks,
Can't wait for your
pencil-dick towers
to shadow over rivers,
Keep your Ben and Jerry's
Fuck it with the Continental 5 for 10,
Generations for steel and cork facades
Grates like griddles,
Steam heat of an underbelly Sun,
Hell here and Hell under,
at least the buses make less noise.
